Mediterraneo

## BACHELOR OF SCIENCE (BS) IN PSYCHOLOGY (4 YEARS, 240 ECTS)

### THE STUDY OF MIND, BRAIN, AND BEHAVIOR

“A BS in Psychology is for those who want to better understand themselves and others, and to make the world a less harsh place. The program challenges you while supporting you—professors value your voice and encourage you to keep learning beyond the classroom. What we study applies directly to everyday life, and the community here makes the experience even more meaningful.”

— *Andrea Kafie, BS in Psychology '28*

### PROGRAM OVERVIEW

The BS in Psychology at AUB Mediterraneo prepares students to understand behavior and mental processes through scientific inquiry, critical thinking, and applied learning. The curriculum progresses from foundational study in psychology, biology, statistics, and philosophy to advanced coursework in cognition, neuroscience, development, social behavior, and psychological research, preparing graduates for advanced study and diverse professional pathways.

### WHAT SETS PSYCHOLOGY AT AUB MEDITERRANEO APART

Cyprus's only BS in Psychology following a liberal arts model

Research emphasis from Year 1

Broad interdisciplinary General Education courses

Regional relevance in key topics such as trauma, migration, and mental health

Access to AUB's 160-year academic legacy and regional networks

## HOW STUDENTS LEARN

Interactive teaching grounded in research

Progressive training in research design and statistical analysis

Faculty mentoring and academic support

Independent final-year research project

Application of psychological concepts to real-world contexts

## AREAS OF STUDY & ACADEMIC EXPLORATION
